

LOCAL CONSERVATIVES SERVING THE COMMUNITY

BARTON GRAVEL PIT - PLANNING APPLICATION

I am working with the Barton in Fabis Parish Council to fight gravel extraction in Barton. This is coming from two angles. One is the Local Minerals Plan; the other is a current planning application. I am meeting the Officer dealing with the Planning Application with Councillor Andy Brown at the end of January.

These two decisions are to be made by the County Council rather than the Borough Council. A successful campaign on both fronts must involve winning hearts and minds at County Hall. I am holding formal and informal discussions with County Councillors to press the case against gravel extraction in Barton.

SUPPORTING LOCAL PROJECTS

The breadth and depth of local groups and organisations is fantastic and one of the main things that makes our communities such wonderful places to live. Those who lead and assist with these groups do a brilliant job - thank you!

I have been delighted to be able to financially support the Gotham Park Project, the Scouts and Gotham Primary School through both Community Support Grants & by donating my Councillor's allowance.

Please get in touch with me on 07812146386 or by email to cldr.rexwalker@rushcliffe.gov.uk if you are involved with a local project in need of financial support.

CONSERVATIVES - CARING FOR THE WHOLE COMMUNITY

ROAD AND TRAFFIC MATTERS - OPEN MEETING

We all know that there are a number of big problems with speeding, parking and volumes of traffic. These dangers need action, now. Before it is too late.

I have arranged an open, public meeting regarding these issues for 19th February at 19.00 in Gotham's Memorial Hall. PC Kelly Warwick, Nottinghamshire County Councillor Andy Brown, Parish Councillors and a County Council Officer will be in attendance to hear concerns and discuss solutions.

Please join us on the night. This is an opportunity for us to come together and focus on what can be done, by ourselves as well as others, to solve the numerous issues around our villages.

CONSERVATIVES - LOOKING AFTER LOCAL ROADS
